

DEWS	DRY EYE: DIAGNOSTIC TEST TEMPLATE	
RAPPORTEUR	A.J.Bron	9 th Nov 2004
TEST	Mathematical Model for SS diagnosis	REFERENCES
TO DIAGNOSE	Sjögren's Syndrome	Martin-Martin et al. 2003
VERSION of TEST	NA	
DESCRIPTION	Mathematical Model for SS diagnosis based on serological tests in the absence of minor salivary gland biopsy	
CONDUCT of TEST	Blood samples for: ANA Anti-SSA(Ro) and SSB (La) C3 and C4 Serum gamma globulin Also: Schirmer value; BUT	
Web Video	NA	
Standardization	Different requirements for each tests	
Repeatability	Intra-observer agreement. [-] Inter-observer agreement. [-]	
Sensitivity	(true positives) [93%]	
Specificity	(100 – false positives) [100]
